A Regional meeting of AHS/ Region 13 will be held on Friday night, October 14th at 7 PM at the CENLA Symposium.

Registration for the Symposium is strongly suggested, but not required for AHS Region 13 meeting attendees.

We are very fortunate to have some of the best hybridizers from around the AHS and our own Region 13 as well to share with us their latest and greatest registrations, as well as exciting new creations, possible future intros, and seedlings.

In addition, these sessions will be filled with valuable insights into the successful daylily culture and hybridizing techniques.
